6. As you are aware, the Government has announced changes in the tax structure effective 1st April 2026, and 31st March 2026 marks the financial year-end. Revision wef 1st April'26 - There has been a revision in Form 27C format (now Form 127) and now forms have to be submitted by each customer availing TCS exemption by submitted form against each transaction/DO, mentioning TCS amount & payment date. Earlier, customers used to submit one single form for the entire month with no mention of exact amount and date of payment and this practice has now been revoked.

In order to maintain compliance and avoid any discomfort to customers as well as TSL, TSL (Tinplate Division) have decided to withdraw the exemption/waiver of TCS amount that was provided against each DO after submission of Form 27C (now Form 127) by the respective customers. This will be applicable for an interim period of one month or until further communication of our end. We will use this interim period to establish the process of recording Form 27C's and proper tracking.

Those customers who intend or used to avail TCS exemption upon submission of Form 27C are now requested to please take note of the above point marked in BOLD and participate in auction accordingly.

What We Do

Our business is disposal and we have been doing so since 1954 starting with Bengal Nagpur Railways presently South Eastern Railways. We believe in 'quicker the disposal, faster the growth.' We love clean house-continual clean house means more room for future growth i.e., more scope for expansion and greater turnover of capital with maximum profit per capita. Our motto is to get realistic market price and quick disposal, locating reliable and financially sound buyers and relieve an organization from the tension of blocked money, lack of storage space, materials quality deterioration due to unsatisfactory storage condition resulting in reduced selling price which again means 'LOSS!'

Further, as because we have been dealing in the sale/disposal of different kinds of materials, assets we have full knowledge of the identity and location of the customers best suited for the materials apart from the current market price on a day-to-day basis including the zonal markets i.e., East, West, North and South of the country.

Other than our established credentials to hold physical auctions across the country for our various principals with change in time we have understood the importance and acceptability of e-selling. And as such we have developed our own disposal engine which can cater to e-auction and e-tender under the domain www.ahbilimoria.com thereby giving the option of both the platforms to our principals to choose from.

We have professional staff, advisers and knowledge of customers to achieve the goal for the clients. Any query we attend with professional approach and achieve what is expected out of us. In short we act as an effective bridge between the buyer and the seller.
